

## Assignment for Video #9 – Outline and Organization

### Activity

1. Construct an outline for a paper on the topic you selected:
  - Begin with your thesis statement and introduction.
  - Consult the freewriting you composed for Video #3 and try to organize the writing you produced.
2. Use your outline to determine:
  - In what order will you present your information?
  - Is there research you have found that should be presented to your audience early in the paper?
  - Will your audience be hostile or receptive to your thesis?
3. Develop at least two outlines for how you might be able to organize your paper.
